to **Whole Child** | alumni venture

India's first 360° After-School  
Child Development Program

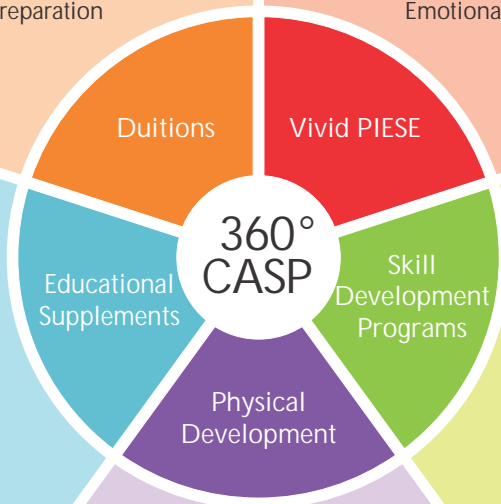

# POWER-PACKED TIC PROGRAMS

## COMPOSITE PROGRAM

- Daily Homework Completion • Weekly Subject Tests
- School Test Preparation • Exam Preparation

A unique methodology that develops the complete persona of the child through Personal, Intellectual, Emotional and Social developmental activities.

This contains a specially designed CCE based educational curriculum for deep understanding & retention of the subjects through Activity Based Learning (ABL) approach

To strengthen their multiple intelligences and to make them aware of different aspects of life, creative Supplementary Activities are provided on Sundays to initiate and develop children's hobbies and intelligence.

To make children socially active and physically fit, different Sports & Dance facilities are available to choose from. This optional feature also helps in developing various life skills.

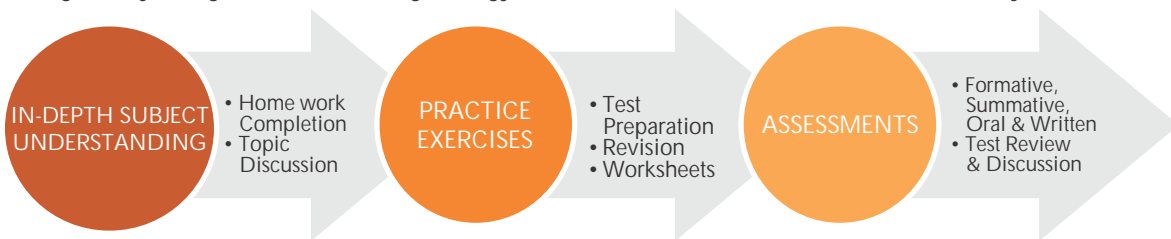

**Fees:**  
Varies as per age-group

CASP is India's first 360° Comprehensive After School Development Program. It contains all the essential elements required for Whole Child Development. This program nurtures parents' vision of a brighter future for their children. CASP helps to discover and ascertain the innate talents of the children besides building a sound academic base. This after school development program comprises of complete development of a child ranging from Personal, Social, Emotional, Creative & Physical Developments to Educational Tuitions & Educational Supplements especially designed according to the new methodologies, Continuous & Comprehensive Evaluation & Higher Order Thinking Skills. All the components of CASP are detailed in the below & can be taken as Part-programs.

## DUITIONS (Developmental Tuitions)

## PART PROGRAMS

To get excellence in academics, a child needs expert guidance & proper orientation to the subjects. TIC's professional, result oriented tuition classes help the children to not only excel in academics but also with its hands-on activity based approach, they get interested in the subjects. Furthermore, TIC faculty renders conscientious support to every child to make them learn the way s/he learns the best. All this is reinforced with regular revision and periodic tests. An experienced & pain-taking faculty alongwith the following strategy makes a sure combination of success for every child.

**Fees:**  
Varies as per age-group

**Program Contents:** •All Subject Tutorials •Educational Supplements

**Schedule:** Mon - Sat (1.5 - 2 hrs every day)

## Vivid PIESE

WHO defines health as a complete mental, physical & social well being and not merely the absence of disease or infirmity. To elaborate it further, a child's personality consists of the Personal, Intellectual, Emotional, Social & Educational(PIESE) aspects. Therefore, to make children overall healthy TIC provides all the essential elements required for a child's all round development. All the developmental sessions have been meticulously developed by our in-house research team of ex-corporate trainers headed by IIM-B alumni under the PIESE methodology. Furthermore, only introducing a child all the above mentioned aspects is not enough, at TIC we provide consistent, measured, monitored & quality All-round Development. The modules are designed as per the age groups and different learning styles of the children.

**Fees:**  
Rs.1,250 per mnth

**Program Contents:** •Developmental Sessions: Personal, Intellectual Emotional & Social Developments •Educational Supplements •Dance

**Schedule:** Mon - Sat (1hr every day)

## EDUCATIONAL SUPPLEMENTS

These modules are designed to sharpen the subject skills of the students and to align them with the changed academic scenario. This is done through different Higher Order Thinking Skills (HOTS) based games & activities to develop Language, Mathematics & Science subject skills which help in better absorption of the subjects. These alternative education activities & games revolve around the curriculum & general academic skills. This, India's one of its kinds program comes complementary with programs Duitions, Vivid PIESE & Wholesome Weekend.

**Fees:**  
Free with Duitions, PIESE & CASP

## PHYSICAL DEVELOPMENT

We at TIC strongly believe that Physical Development is a must for every child alongwith Personality & Educational Developments. Supporting the same belief we have arranged for the Physical Development of the children at TIC. We have the below mentioned options available under this banner:

**Sport of Choice:** Sports not only let the young ones exercise themselves but also develops a lot of other faculties of their mind like Team work, Leadership & Discipline to name a few. Among the availables at the operational premises, the child can opt for any one & we will facilitate his/ her participation.

**Dance:** This is an interesting medium of exercising which also adds to their overall personality development by shunning their Shyness & Stage Fright.

**Fees:**  
Varies as per Program

## SKILL DEVELOPMENT PROGRAMS

A child's growth has to be supported with all the right ingredients. This program encourages children to pick up these Supplementary Activities (SA) & utilize their Sundays in much more meaningful ways. This way they not only hone their creative skills but also develop many Multiple Intelligences such as Logical Intelligence, Visual & Spatial Intelligence, Musical Intelligence, Bodily & Kinesthetic Intelligence, etc. The child can opt for one or more of these SAs depending upon his/ her taste. More than one, however, will come at an extra cost.

**Fees:**  
Varies as per age-group & Program

**Program Contents:** Varied Activity Classes like | Calligraphy | Drawing & Painting | Guitar Lessons | Chess | Puppetry | Spoken English | Foreign Language | Casio (Keyboard) |

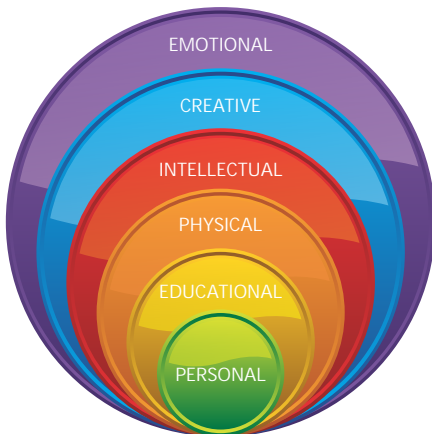

**Schedule:** 1 hour everyday; 2 days a week

## UNIQUE FEATURES

### All Round Development:

At TIC, we focus on the Complete personality of a child by providing consistent, measured, monitored & quality Personal, Intellectual, Emotional, Social & Creative Developments.

**All Under One Roof:** The complete ambit of Whole Child Development is a complex structure in itself. It consists of the following developments:

All this has been formulated around our methodology: PIESE, an acronym for Personal, Intellectual, Emotional, and Social developments along with Educational supplements for children of 5 - 14yrs of age group.

PIESE is a methodology encompassing the entire spectrum of Whole Child Development as described below:

This methodology not only gives a wholesome development to the child but also frees the parents from the hassles of enrolling their child to various activities at different places not to mention the save in the commuting time, put to better use.

**Training Pedagogy:** The combination of different below mentioned pedagogy usage is what makes TIC styles different:

- a. ABL (Activity Based Learning): This pedagogy not only ensures that the child understands the concept but also ascertains that s/he remembers & possibly utilizes this in his/ her daily life.
- b. Learning Partners: We consider all children as our partners & befriend them so as to be able to consciously elevate their

c. Life Skills Integration: UNICEF classifies Life Skills into nine major groups. Among them most important being Communication & Interpersonal, Cooperation & Team Work, Critical Thinking & Decision making. At TIC we have woven all these Life Skills into the Developmental & Educational Supplement programs so as to equip the children of today with these essentials & emerge as a winner among the crowd.

d. MI (Multiple Intelligence): There are majorly eight different types of MIs as described adjacent. We at TIC, first understand the prominent/ developed MIs in every child & then exercise them through two channels:  
 I. To ensure that the appropriate method of learning is utilized for faster & deeper absorption.  
 II. To ensure that all other non-developed MIs are also cultivated with the help of proper Dosage of different supplements.

## BENEFITS FOR YOUR CHILD

- ★ Intellectually Strong & Competent
